RE: Water Right No's: 55-10051A, 55-10056A, 55-10021, 55-10023A, 55-10023B.

Thank you for submitting the Notice of Change in Water Right Ownership. Our review of the notice indicates that additional documentation is required before we can process the change.

The documentation required is a copy of the *recorded* conveyance document- warranty deed, quitclaim deed, etc. We did receive (2) Warranty Deeds; however, the Department will need copies with the instrument information printed on the deeds. I have attached the letters that were sent to the Department enclosing the ownership changes for your convenience.

Because the Department cannot process this request at this time, we will hold any action on your notice pending receipt of the necessary documentation. If we do not receive the required documentation within 30 days, the notice will be returned and will not be processed.

Thank you for your cooperation in this matter.

Sincerely,

Rachel Sommer
