Re: Applications for Permit No. 67-15094

Dear Art Lacey:

The application you submitted on May 15, 2013, has been assigned to me for review and processing. The application proposes a diversion from a well to supplement surface water from the Cambridge Ditch Co. Application item no. 13 requires a map of the proposed project. The application you submitted did not include a map, and the application is considered to be incomplete.

As a courtesy, I have included a 2013 aerial photo with the public land grid. As required, please identify the location of the well that is to be the point of diversion, identify the irrigation place of use, and the conveyance system. Please initial and date the map, and send it back to me so that I can resume processing the application.

The map is due by June 20, 2013. Failure to submit the information may result in the application being voided. Fees are not refunded for voided applications. Call me at 208.334.2190 if you have questions. Thank you.

Sincerely,

Vicky Music
Sr. Water Resource Agent
