RE: Permit No. 94-7423

Dear Ms. Block;

I am in receipt of your letter dated May 22, 2013, in which you stated the Condition # 6 of permit No. 94-7423, may not have been complied with.

The manner that water is acquired for the acreage addressed in this permit, is by use of pipe and a foot valve, this foot valve has attached to it fish screening so that nothing can clog and damage the equipment used for obtaining the irrigation water.

If you have any further concerns or questions, please don't hesitate to contact me.

Sincerely,

Connie Dougall
