

MEMORANDUM

Date: June 07, 2013
To: Water Right File 65-3111A
From: Steve Lester 
Re: Transfer 77209 Conditions, Rights 65-3111A & 65-13088

This memo regards West Mtn. Water Assn. Rights from Rock Creek. Jim Bunce of the association called today to ask if they have satisfied all conditions of approval for Transfer 77209. He thought transfer approval included a follow up document from IDWR verifying all conditions are met. I explained the preliminary/final order process does not include that step, although he was welcome to write and ask for something.

Also noted Watermaster 5/24/2013 letter verifying diversion works meet Watermaster needs without any more needing to be done. I told Bunce it appears all is well regarding the transfer approval. He said that sounds good.
