

1 Jun 2013

Mr. Spackman,

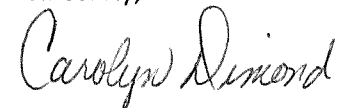

I would like to take a moment to personally thank you for your recent decision of water transfer # 78352 in Jerome County. I am so grateful for the hours you must have spent coming to such a conclusion. After identifying the obvious inaccuracies i.e. (1) the Harold Dimond well is not even 2800 feet away let alone 28 miles, (2) did you really think I would believe that a growing heifer only drinks 1 gal of water per day? (3) the word "hearing" means a one sided meeting (4) and the list goes on , it is very apparent that the Milk Mafia and government officials work very well together.

The citizens of The Great State of Idaho have good reason to be proud knowing they are in such capable hands. I appreciate, also, all you have done giving me peace of mind knowing our Water Resources is working for the greater good of Idaho's water issues.

Thank you for making an appeal unnecessary in this case, so it too, won't need to fall on the same deaf ears and waste everyone's time. But most of all my humble gratitude goes to you for so politely informing me that I have NO rights under your direction and this means even more to me when I realize that **my** tax dollars are being used for such purposes .

Please feel free to display this letter in your office so everyone knows what you can do. To show my gratitude I shared this with the newspapers. Thanks again for all you do!!!/Nothing

Sincerely,

Carolyn Dimond (insignificant)
