Watermaster's Recommendation:

c) I oppose approval of this application for the following reasons:

1. Upper and Lower Tucker springs do not fill all existing water rights. There is no water to fill this application for permit.
2. All lands around this pond are irrigated with pivot and sprinklers. These methods of irrigation do not create waste water.
3. Application for permit 36-16740 has a period of use from 10/16 to 01/31. Application for permit 36-16965 extends the use to 01/01 to 12/31. There is no water for diversion to storage from 02/15 to 11/30.
