The papers I sent you are the only ones that Daniel A. Nelson gave me to send in after he finished his final field work. Mr. Nelson made a field report on the water use for the property. I will gladly fill out additional papers as needed. The name is strictly a name change from Kolar Klub, LLC to Kolar Skoviak, LLC

The Department of Water Resources received a request for a Notice of Change of Ownership on the above mentioned water right. Before we can process this request, additional information is needed.

Is this strictly a name change or was Kolar Klub, LLC bought outright by Kolar Skoviak, LLC? The warranty deed you submitted was missing the front pages. Please submit these missing pages by replying to this email or you may fax them to: Jean Hersley 208-287-6700. Thank you.
