Dear Mr. and Mrs. Lewis;

Recently, I visited the Lewis/Goodenough headgate to look at some erosion that is occurring on the Portneuf River near the ditch.

During that visit it was found that your water right information is incorrect. The application and forms submitted to the Department during the adjudication listed the Point of Diversion for your right at: T09S, R36E, Sec 12 L1 of the SWNWNE quarter. The actual headgate for the Lewis/Goodenough and your correct point of diversion is:

T09S, R36E, Sec 12, L2 of the SENE quarter.

I am enclosing an application to correct the point of diversion of your water right. Please look over the application, sign and return with the application fee.

In an effort to correct all the points of diversion for your headgate, the Department has agreed to reduce the application fee to \$200.00 for each applicant.

If you have any questions, please let me know.

Thank you,
