Subject: Pending Water Bank Release Form - Right 45-2363

Greg,

We will take no official action until a signed release request is received. I will flag this file with this email, so other staff are aware of the proposal. If we have someone that can benefit from a rental for this year, we will proceed. If we have someone looking for longer term use of this right and the signed request has not been received, we will contact you to determine if release is still intended.

We want to provide service to lessors, renters & consultants. We cannot place an indefinite hold on leased rights, so will try to meet everyone's needs as long as is reasonable. Thank you for providing notice and please send the signed release request as soon as possible.

Pam

Subject: FW: Water Bank Release Form

Pam,

I am forwarding this email to you so the Water Bank is aware of the intent of the water right owner of 45-2363. Water right 45-2363 is currently leased to the Water Supply Bank. Transfer 78483 involving 45-2363 was approved may 21, 2013. Mr. Robinson desires to release 45-2363 from the Water Bank this fall and is planning on implementing Transfer 78483 in the Spring of 2014. As soon as I receive the signed release form, I will forward it to the Water Supply Bank.

Subject: Water Bank Release Form

Dutch,

Please have your wife and yourself sign the form and mail it to me at Brockway Engineering.

Thank you.
