The above-captioned water right was claimed based on a permit prior to the issuance of the license. On November 24, 2008, a *Partial Decree* was entered for the above-captioned water right. The Director of the Idaho Department of Water Resources ("Department") subsequently issued a license for the water right, and filed a *Notice of Completed Administrative Proceeding* in the above-captioned subcase informing the Court of the issuance of the license, as well as an *Amended Director's Report* reflecting the elements of the above-captioned water right claim as licensed.

This Court filed a *Notice of Court's Intent to Issue Amended Partial Decree and Notice of Hearing Thereon*. Said hearing was held on May 21, 2013, and no objections were filed.

Therefore, IT IS ORDERED that the above-captioned water right be amended as set forth in the attached *Amended Partial Decree*. The previously issued *Partial Decree* is superseded thereby.
