On April 16, 2013 the Department of Water Resources received a request to release a portion of water 37-2627D from the Water Supply Bank. On April 22, 2013, the Department sent new contracts, in duplicate, with the amended amounts to be leased. As of today, we have not received the signed contracts.

Please return both contracts, signed within 15 days or the Department will not process your request.

If you have any questions, please contact this office.

Thank you.
