RE: Permit No. 63-33626

Dear Permit Holders:

The Department is in receipt of your Statement of Completion for Submitting Proof of Beneficial Use. During my review of your proof statement and water right permit I noticed that you listed a total diversion rate of .20 cfs for which you paid the correct license examination fee of \$50.00.

Your permit (**copy attached**) allows for a maximum diversion rate of .28 cfs. You will be limited to the .20 cfs rate based on the examination fee amount you paid. According to the license examination fee schedule (**copy attached**) the license examination fee for the .28 cfs rate allowed under your permit is \$100.00.

If you don't intend to limit your diversion rate allowed to the .20 cfs and want to pay the higher fee based on the .28 cfs allowed, please submit the extra \$50.00 required for the higher amount. Upon receipt of the additional \$50.00 owed for the license examination, I will be able to move forward with processing your proof. I will hold this matter for your response for fifteen (15) days from the date of this letter.

If you have any questions, please contact me at (208) 287-4945.

Sincerely,

Darla Block
