Thanks Paul. Given all the uncertainty of the status because of all of Jo's filings, I'll ask Jeff to put a memo in the file to document that no further action is being taken on the approval.

Thanks,
Garrick

Paul,

I came across my file on this and was wondering if there is anything left to do as to the City of Preston transfer. Let me know your thoughts.

Thanks,
Garrick

Paul,
My 2:00 meeting is running long. Can we call you at 2:15?

On Feb 19, 2013, at 12:02 PM, "Paul Arrington" <pla@idahowaters.com> wrote:

Paul,
It would be easiest for us to discuss these with you over the phone. Do you have time today at 2:00?
We can give you a call.
Garrick

Also, as I look at the transfer orders relating to 13-34 and the Cub River Irrigation District, It doesn't appear that a volume limit was put on their portion of 13-34 – even though it was changed to a municipal use.

Just need to follow up on something.

I understand the volume limit on 13-26 – because that right was historically an irrigation right.

However, 13-34 has historically been a winter diversion domestic right. What is the basis for the volume limitation on that right?
