MEMORANDUM

Date: May 6, 2013
To: Transfer 78563 File
From: Corey Skinner
Re: Evaluation of Sufficiency of Information Submitted

Application proposes adding a new well to be drilled as an additional authorized point of diversion to a group of groundwater rights used on a farm located approximately 3.25 – 3.75 miles north of Malta. The new well and two existing wells will be used to divert up to 1.38 cfs and 267.7 afa for irrigation use and stockwater and commercial use associated with a mink farm on the property. The new well will be drilled at a site approximately 3.3 miles north of Malta, on the west side of Highway 81. Note that right 36-13650 was split up front into rights 43-13721 and 43-13722 to accommodate a splitting and changes of ownership of the right.

- **Authority to File:**
The applicants (Nathaniel and Desiree Carson) are listed as current owners on IDWR records for the rights involved in this transfer other than right 43-13650. Warranty deeds have been included that allow for the splitting and ownership updates of right 43-13650 (right 43-13721 for Nathaniel and Desiree Carson and right 43-13722 for Gwen Squires and Nathaniel Carson).
- **Water Right Validity:**
Water rights involved with this transfer were decreed in the SRBA in 2002. Review of aerial photography appears to support the recent use of the rights involved with this transfer.
- **Injury to Other Water Rights:**
None anticipated.
- **Enlargement of Use:**
None anticipated.
- **Local Public Interest:**
No negative impact anticipated. Application will be subject to public notice.
- **Beneficial Use/Conservation of Water Resources:**
Proposed uses are recognized as beneficial uses of water.
- **Effect on Economy of the Local Area:**
None anticipated.
- **Effect of the Agricultural Base of the Local Area:**
None anticipated.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.

Dear Mr. Skinner:

Enclosed with this letter you will find the application to drill a new well. The application includes a faxed copy of Gwen Squire's signature and she will be sending the original as soon as possible. I have also enclosed a check for \$680 per your email. I included the copies of all the property deeds in case you need them to process the application as well.

It is my intent to split the water right 43-13650 based on ownership. I would like it split with one right appurtenant to the east side of the highway listing Nate and Desiree Carson as the owners and the other right being appurtenant to the west side property listing Nate Carson and Gwen Squires as the owners.

Thank you for your assistance with this application and the splitting of the water right.

Sincerely,

Nathaniel Carson
