Subject: Water Right Application 75-14732

Dear Sharla:

The Idaho Department of Fish and Game has reviewed Water Right Application 75-14732 submitted by Ms. Kathryn M. Barrington to divert 0.02 cfs from Sheep Creek, tributary to the North Fork Salmon River. We have one comment concerning this application.

We recommend that IDWR require the use of a properly screened pump to divert water from Sheep Creek and include that as a condition of the Water Right. The applicant may contact the Salmon Regional Office at 208-756-2271 for technical assistance on proper pump screening.

Thank you for the opportunity to comment on this application prior to advertising.

Sincerely,

Tom P. Bassista
Environmental Staff Biologist
