)

On December 19, 2006, the Director of the Idaho Department of Water Resources (“Department”) filed his *Director’s Report, IDWR Basin 63, Reporting Areas 13, Part 3*, which included recommendations for the above-captioned water right claims. No objections were filed to the *Director’s Report*, and the time for filing such objections has expired. However, on November 21, 2008, the Clerk of the Court received correspondence from the Department requesting that the above-captioned claims be temporarily withheld from *Partial Decree* due to errors in the recommendations. The Court finds that the errors have been resolved as on February 21, 2013, *Standard Form 5’s* were filed for the above-captioned water right claims.

THEREFORE, IT IS ORDERED that the above-captioned water rights be decreed as set forth in the attached *Partial Decrees Pursuant to I.R.C.P. 54(b)*.
