Turner".

1. RECITALS:

(1) B. Turner - Lots 13 and 14 of Block 3 of said Subdivision.

(2) Gutierrez - Lot 10, Block 2 of said Subdivision.

(3) Bandy - Lot 12, Block 3 of said Subdivision, and

(4) M. Turner - Lot 9, Block 2 of said Subdivision.

(b) The well, which is a subject matter of this agreement, is located on Lot 12, Block 3 of said Subdivision.

(c) The water storage facility, which is an object of this agreement, is located in the extreme Southeast corner of Lot 13, Block 3 of said Subdivision.

(d) The parties to this agreement have agreed among themselves as to the use of the well, storage facility and the construction of lines carrying the water to various parcels and such understanding is pursuant to the terms and conditions hereinafter set forth.

In consideration of the recitals, the mutual promises herein contained and the performance thereof, the parties

1 agree as follows:

2 2. WELL. The parties have constructed on Lot 12,
3 Block 3 of Water Canyon Heights Subdivision a well. Each party
4 shall pay twenty-five percent (25%) of the total cost of the
5 drilling the well, casing, pump, motor, and necessary equipment
6 for operation. The parties shall reimburse each other, as the
7 case may be for any of such costs that may have been paid by
8 any of the parties, Subject to the terms and conditions of
9 this agreement each party shall be entitled to 25% of the water
10 from the well. In the event of any water shortage all parties
11 shall be reduced proportionately.

12 3. WATER STORAGE FACILITY: The parties have
13 constructed on Lot 13, Block 3 of Water Canyon Heights Sub-
14 division as water storage facility. Each party shall pay 25%
15 of the total cost of the construction and operation. The parties
16 shall reimburse each other, as the case may be, for any of such
17 costs that may have been paid by any of the parties. Such to
18 the terms and conditions of this agreement each party shall be
19 entitled to 25% of the water from the water storage facility.
20 In the event of any water shortage all parties shall be reduced
21 proportionately.

22 4. COSTS, CHARGES AND EXPENSES: The parties agree
23 to pay all costs, charges and expenses incurred in, about and
24 upon the well and storage facility and such costs, charges and
25 expenses shall be paid 25% by each of the parties signatory
26 to this agreement. It being understood that the husband and
27 wives are considered one party for the purpose of the percentage
28 allocation. All subsequent costs, charges and expenses, including
29 the utility charges shall be paid the same ratio. If any party
30 or parties do not pay their respective percent of the costs,
31 charges and expenses, the other parties may take such steps as
32 shall be necessary to terminate the right to receive water from

1 the well and storage facility. A majority of the parties may
2 make the determination as to what costs, charges and expenses
3 are from time to time necessary.

4 5. PERMISSIVE USE: Bandy and B. Turner give to
5 each other and each gives to Gutierrez and M. Turner the right
6 and permission to conduct and divert water from the well and
7 from the storage facility over and across the parcels of land
8 owned by each together with the necessary right of ingress and
9 egress thereto for the purpose of construction, maintenance
10 and repair. M. Turner is hereby given the right and permission
11 by Gutierrez to conduct and divert water across Lot 10, Block 2,
12 to the property owned by M. Turner, being Lot 9, Block 2 all
13 of the Water Canyon Heights Subdivision. It being the express
14 intent and purpose of this agreement that the permissive use is
15 hereby perpetually given by the respective property owners for
16 the necessary facilities to divert the water to the property
17 more particularly above described. The parties have not particu-
18 larly identified, by exact description, the location of the pipes
19 and apparatus but generally the facilities are adjacent to the bor-
20 der between Lots 12 and 13, Block 3 of said subdivision, thence
21 crossing the road to Lot 10, Block 2 and along the Southerly
22 border of Lot 10 to Lot 9, Block 2 of said Subdivision.

23 6. TERM: Any party may terminate its right to this
24 agreement at any time, by recording written notice in the office
25 of the County Recorder, County of Cassia, State of Idaho and
26 delivering a copy to the other parties or their successors.
27 Such termination shall not in any manner affect the continued
28 permissive use of the facilities that may exist on the respective
29 parcels for the benefit of other parcels, but shall only relieve
30 the terminating party of the obligation to make payments for
31 costs, charges and expenses, and the right to receive water.

32 9. ADDITIONAL PROPERTY: If any of the parties

1 to this agreement should acquire other lots within the Water
2 Canyon Heights Subdivision to which water from the well and
3 storage facility might appropriately be delivered, such party
4 shall not be entitled to use water on said lots without the
5 written agreement of the remaining parties. Such consent to
6 be effective must be recorded in the office of the County Recorder,
7 County of Cassia, State of Idaho.

8 10. BINDING EFFECT: This agreement shall be binding
9 upon the parties, their heirs, assigns, personal representatives,
10 and the successors in interest of the respective parcels as
11 described in paragraph 1(a). The permissive use of the properties
12 is revocable but only upon the written consent of the owner of
13 the lot for which the revocation is applicable.

14 11. AMENDMENT: This agreement may not be amended
15 orally and may only be amended by an instrument in writing signed
16 by the parties or their successors in interest in ownership in
17 the parcels described in paragraph 9 above.

18 12. UTILITY MEMBERSHIP: The energy to operate the
19 facility is currently supplied by Southside Electric Company,
20 Declo, Idaho. Any membership in Southside Electric or any succe-
21 sor in interest company, or any other utility having a membership
22 that may control the energy that operates the equipment, may
23 from time to time be held in the name of one or more of the
24 parties. If membership is held in the name of less than all
25 of the parties such holding shall be deemed to be in trust for
26 the benefit of all of the parties to this agreement or their
27 successors in interest in the respective lots. Each party shall
28 pay 25% of any membership or other charges of the utility company
29 for the privilege of receiving services. These charges shall
30 be in the same proportion as the periodic charges previously
31 expressed in this agreement.

32 13. INTENT: The parties agree to cooperate each

1 with the other in making and continuing to make the water
2 distribution system operational. Each party agrees from time
3 to time to execute such other documents as may be necessary
4 to carry out the express intent of this agreement.

5 14. ATTORNEY FEES: The prevailing party or parties
6 in any action brought under this agreement shall be entitled to
7 a reasonable attorney's fee in addition to all other relief
8 awarded by the court.

9 15. INDIVIDUAL CONNECTION: The parties agree
10 that only the costs and expenses of maintenance of the well,
11 main line, and storage facility shall be shared as heretofore
12 stated and that individual hookups with various apparatus and
13 equipment in individual residences shall be paid for and
14 maintained by each of the individual parties. The main line
15 is the pipe from the well to the storage facility and from the
16 storage facility to the individual properties of the parties,
17 and that facility which carries the common water from its source.

18 16. INDEMNITY: Each party agrees to indemnify any
19 other party or parties to this agreement from any injuries to
20 person or damage to property that may be caused by one of the
21 parties signatory to this agreement. It being the express intent
22 and purpose that because of the jointness of the operation,
23 nevertheless, each party shall hold the others harmless because
24 of individual acts. Any claim that arises because of the joint
25 operation shall be shared equally by the parties in the percent-
26 ages elsewhere stated in this agreement or as may be amended
27 from time to time as herein provided.

28 17. WATER RIGHT: Each party shall be deemed to have
29 an undivided interest in the water right and should it be that
30 from time to time the water right must be in one or more
31 individual name, such individual or individuals shall be deemed
32 trustee for the remaining beneficiary entitled to receive the

1 water.

2 18. EFFECT OF AGREEMENT: The covenants and agree-
3 ments herein contained shall run with the land and shall be
4 binding on and inure to the benefit of the parties as further
5 provided in paragraph 10 above.

6 IN WITNESS WHEREOF, the parties have executed this
7 agreement, effective the day and year first above written.
