Greg,

Please have the right holders, or yourself if authorized to act on their behalf, submit the following form for each right to document the files.

Looks like Right 36-16924 has four listed owners rather than just the two.

[http://www.idwr.idaho.gov/RulesStatutesForms/WaterRights/PDFs/WSB Lease Release Request.pdf](http://www.idwr.idaho.gov/RulesStatutesForms/WaterRights/PDFs/WSB%20Lease%20Release%20Request.pdf)

You can email the signed copies to me or drop them in the mail. When we have these signed documents in hand, we will coordinate with Benny regarding the timing of the release. We will take steps to protect against the rental of these rights based on the timing of the approval, for this year or next year.

I mentioned yesterday that this is a new plan to coordinate processing of these separate activities & a one size fits all explanation doesn't apply. We will try to assist right holders to accomplish their intent with the rights and the transfer as much as possible.

Let me know if you have questions.

Subject: Jentzch Transfer 78555

Pam,

As soon as Transfer 78555 is approved, the 21.0 acre portion of 36-16924 will be realized from the Idaho Water Supply Bank. A 0.5 acre portion of 36-16924 will remain leased to the Idaho Water Supply Bank.

As soon as Transfer 78555 is approved, the 1.9 acres of 36-16550 and the 1.8 acres of 36-16556 will be released from the Idaho Water Supply Bank.

The changes proposed by Transfer 78555 are intended to be utilized in the 2013 irrigation season.
