RE: Permit No. 81-12002

Dear Permit Holder(s):

The Department acknowledges receipt of your letter dated April 12, 2013, stating that you have misplaced the form required by the Department for filing a request for extension of time to submit proof of beneficial use.

In your letter you also state that you would like to request an extension of time in order to complete the project and put the water to use. In order for the Department to process an extension request, you will need to complete a "Request for Extension of Time" form, submit the form with a \$50.00 filing fee, and show evidence of due diligence.

Therefore, I am enclosing a Request for Extension of Time form for your use, and ask that you return the completed form with the filing fee before the end of the sixty day deadline of **June 4, 2013**. The Department will not be able to accept an extension request after this date according to Section 42-218a, Idaho Code.

I am also enclosing a copy of your permit to appropriate water, and a Statement of Completion (proof) form. If the domestic use for one home has been developed and you are using the water for domestic purposes, then it is the Statement of Completion form that you need to file with the Department.

If you have any questions, you may contact me at (208) 287-4945

Sincerely,

Darla Block
Technical Records Specialist
