DEPARTMENT OF WATER RESOURCES

\$50 fee

Received by HPReceipt No. 0096395Date 1-7-13DEPARTMENT OF
WATER RESOURCES

REQUEST FOR EXTENSION OF TIME

To provide additional time in which to submit proof of beneficial use for a water right permit

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right and file proof or beneficial use of water. There is a **FILING FEE** of \$50.00 to be included with this form when filed with IDWR.

Permit no. 85-15733 Date proof is due Feb. 01, 2013Name(s) of permit holder(s) Flying B Family Farms 1 LLCMailing address 369 Lytle Creek Rd City Lytle Creek State CA Zip 92358Telephone no. 909-239-6133 Email reneeb@innovacyn.com

Describe what work has been completed toward the development of this water right:

If no work has been completed, show "none".

Connected Property to Electrical Service: Clearwater Power Co.Drilled Well, installed pumps, pressure tanks, Storage Tanks & Pump HouseFencing PropertyNew House constructionPlanning Field IrrigationCosting \$345803.50

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

The complexity of this project has taken longer than anticipated although we
are moving forward, we need considerable additional time.

Permit holder(s) request an extension to Feb. 01, 2018

DESCRIPTION OF WORK

WELL LOG					
Depth-Static-GPM	Phone Number	TERMS	DUE DATE	LOCATION	
			10/15/2012	Lewiston	
Quant...	DESCRIPTION			RATE	AMOUNT
	Install a 400 Amp 480 volt 3 phase panel with pump breakers. Includes a state electrical permit.			3,850.00	3,850.00
	Install GF150S150-8 15 HP pump (pump will produce 150 GPM) on 3" galvanized pipe. Pump will be installed on 10-4 submersible wire. Two 3" forged steel check valves will be installed. A 10" well cap will be installed. A 3' weld on pitless will be cut out and welded on to the casing. Install includes a starter box for the pump. A state electrical permit will be pulled for the pump installation. Labor and truck install included in this estimate. One year warranty on the pump (parts only).			13,650.00	13,650.00
	Bid includes building a 10,800 gallon cast in place concrete tank with floor, walls and ceiling. Tank will have an access riser with lid, inlet, outlet, electrical ports and over flow ports. Bid includes gravel to bed the floor of the tank. Install includes excavation and backfill with diggable soil (no rock hammer or blasting). Bid includes moving equipment twice because tank has to cure for ten days prior to back fill.			12,370.00	12,370.00
	Install a 7.5 HP Centrifical 3 phase 460 Volt. Pump will produce 150 GPM @ 60 PSI. Install includes a 25 amp pump starter panel, floats and controls. Install includes a 2" ball valve, a 2" check valve in the tank and 2" check valve. Install would include a 2" 150 GPM cyclestop valve plumbed into two 82 gallon pressure tanks. One year warranty on the pump. Five year warranty on the pressure tanks. Install includes plumbing from the tank to the pump and a valve to hook onto to run to the house.			8,995.00	8,995.00
	Pump house wiring bid: Install would include an electric heater to keep pump from freezing. Install would include a state of Idaho electrical permit for the wiring. Install would include a switched light near the entry door. Install would include all conduit and wire for the pump house. Install includes conduit and wire from main panel to transformer.			3,975.00	3,975.00

Overhead associated with our business requires payment in full within 15 business days of the invoice date. Unpaid accounts will be assessed interest at 18%.
