The "Notice of Change in Water Right Ownership" for 75-14477 has been returned for the following item(s):

**** Assignment of Permit: The department cannot complete an ownership change for an active permit without an Assignment of Permit unless the permit is specifically listed on the vesting deed. The Assignment of Permit needs to be completed, signed and notarized by the current owner according to the department's records. The filing fee for the assignment of permit is \$25.00 so your check has been receipted under receipt number E038582 and will be used for the fee associated with the Assignment of Permit. For your convenience, I have enclosed a copy of a computer generated report showing the current owner of the water right as shown on the department's records and the Assignment of Permit form.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department within 120 days of the change. Failure to do so could result in a \$100 late filing fee. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

If you have any questions please contact Jonie Barg at (208)525-7161.

Please enclose the following items(s) and resubmit the entire packet to our Idaho Falls Office at the address below:
