Dear Ms. Van Bussum,

Enclosed please find an Application to Rent Water from the Water Supply Bank which was inadvertently omitted from our previous correspondence of January 18, 2013. Elder W. Smith spoke with Ms. Danny Smith on February 21, 2013 to discuss this omission and was instructed to forward the application to you to be mated with our request and map of the location for usage at our meeting house in Oakley, ID.

Please accept my apology for this oversight.

Sincerely,

RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK

Dear Ms. Van Bussum,

RE: Oakley ID Meeting House Water Rental (#45-4201)

Enclosed please find an Application to Rent Water for the above captioned site. The purpose is to allow landscape irrigation in the NESW, Section 33.

The LDS church has transferred water rights (No. 45-4201) for 0.4 acres, but the existing and proposed landscaping require 4.00 irrigated acres or an additional 14.40 ac.ft. The church is seeking an interim solution through leasing of groundwater from the Idaho Water Bank while the LDS church continues to search for, negotiate, acquire and transfer sufficient ground water rights to the proposed new point of diversion.

We hope that IDWR will find this plan acceptable. Please contact me if you have any questions or concerns. Thank you for your consideration of this plan.

Sincerely,

Delmas W. Johnson, P. E.
Water Resource Manager
