Sandy,

I did not see any problem with this.

Hi Rex,

I will assume there are no problems with this rental, or I would have heard from you. Brian McCauley was advised to file an application for permit, as a more permanent resolution for irrigating this 1.1 acre piece of property. The approved water supply bank rental agreement will be mailed out tomorrow.

Thanks so much,

Sandy

Hi Rex,

I am currently reviewing a water supply rental application from Brian McCauley to rent water from water right 63-32985 Gibson (T3N R1E Sec 10, NWNW &

SWNW) to T4N R1E Sec 3 SWNW. There is an existing well covered by water right 63-18786 (domestic internal/external use) that will be supplying the irrigation water to the 1.1 acres north of the POU of 63-18786 (see attached memo and map).

Can you let me know if you have any concerns, etc?

Thanks so much, I appreciate your help and all your time.
