Re: Supplemental Memo – Source and Tributary

Source:

Transfer 69880, approved on August 2, 2002, described the source as Doublespring Creek, **tributary to sinks** for rights 73-175, 73-176, 73-2002, 73-7044, 73-7076, 73-7093. Permit 73-11964 was issued around the same time transfer 69880 was approved, August 19, 2002, and the source matched the source description as the rights in the transfer (**Doublespring Creek, tributary to sinks**).

On March 12, 2010, the rights 73-175, 73-176, 73-2002, 73-7044, 73-7076, and 73-7093 were decreed. The partial decrees re-described the tributary and listed the source for all the rights as Doublespring Creek, **tributary to Pahsimeroi River**.

License 73-11964 describes the tributary as the Pahsimeroi River to be consistent with the other rights diverted from the same point of diversion.
