RE: Change in Ownership Water Right No. 27-7082

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Water Right Ownership:** copy of Deed, Title Policy, or other legal document indicating your ownership of the property and/or water rights in question. The deed submitted with your application covers only a portion of the water right. There is a portion of the water right included in the 'exceptions' portion of the legal description in the deed submitted. According to the tax lot data you do own the property in question. It is possible that it was from a deed prior to the document submitted. I am including the parcel numbers according to the tax lot data hopefully that will help you locate the required documentation. The parcel numbers are as follows: RP0500203, RP0499404 and RP0499401.

**** **Signature:** The Application submitted on April 4, 2013 was missing the signature page please sign the enclosed form and return it to the department.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
