Subject: Mark Phipps Water Right App.

Permit # 63-33717:

I Mark V. Phipps, own the property at 12440 Karcher Rd. and also own fifty percent of Dennis Phipps Well Drilling Inc. which is also on the property. My personal residence is about 2 acres and the business is on about 6 acres.

Irrigation is suppose to be provided by Pioneer Irrigation District, but the point of diversion is lower than the property to be irrigated. Therefore than can not deliver the water to where we need it. As of right now even if we were at a point where we could irrigate with their water, the pipe which is up the road is broken and nobody has fixed it, therefore not even the neighbors who have access are able to receive water. I have lived here for going on 13 years and have never had the irrigation water, but have been paying for it. Pioneer Irrigation is working with me to release me from their system, because even their water guy came out and determined that I didn't have access to the water.

Proposed water bearing zone should be between 80' - 120'.

Thanks, Mark
