In a telephone conversation with Kevin Lakey this morning, he explained that he has no concerns with the proposed rental of water rights 37-2683B and 37-7349B by the Bashaw Family Trust.

Kevin,

The Brett and Patricia Bashaw Family Trust (aka Tick Tock Ranch) has applied to rent water from the Water Supply Bank under rights 37-2683B and 37-7349B owned by Hidden Crown Ranch. The requested diversion rate is 0.49 cfs for the irrigation of 21.5 acres within the 200.1 acre permissible place of use authorized by Transfer 74773. The source of water is ground water that will be injected into Silver Creek and rediverted downstream. The proposed rental period is the 2009 irrigation season. Do you have any concerns with this proposal? Please call or email with any questions, comments, and your recommendation. Let me know if I can provide any additional information. Thanks.

Aaron-

Please see the link below for a map showing points of diversion and the place of use for the Bashaw Family Trust. Unbeknown to me, IDWR Transfer # 74773 was approved on 2/17/09. The error in the POD you speak of has been corrected in the transfer, it was in the wrong section I believe (Jeff Cooper has inquired and fixed this).

Thanks and I look forward to hearing from you in the near future.

Zach,

Thanks for the clarification. I have one additional request. Would you be able to provide a map of the proposed rental showing the points of diversion and place of use? The watermaster will need this for administration of the creek. I'm curious about the "rediversion" POD in the SW¼NE¼NE¼ of Sec. 22, T01S, R20E. The location appears to be far removed from Silver Creek up on a hill slope. Is this correct? Also, has the pending transfer application you referred to in your previous email been assigned an application number?

Once I receive your response and the map, I'll provide a summary of the proposal for the watermaster and request his review and recommendation.

Thanks,
Aaron Marshall

I think this should clear it up, these are the POD's listed on the pending transfer application. Feel free to email or call with additional questions, thanks.

Zach,

Are any of the points of diversion listed on the Bashaw Family Trust rental application points of injection into and points of redirection from Silver Creek?
