Michele:

A prehearing conference was being scheduled, however  
The applicant's attorney requested a delay for the HOA  
to regroup. The conference is planned later in the year.  
Thank you for checking in,  
John W.

**Subject:** protested transfer 77710 Riverside Village

Steve, John,

I completed the review of Transfer 77710 in January. Because it was protested, I have not taken any recent action.  
Although the memo and approval document were put on a western shared point, I have the files. This might be a case  
of out of sight, out of mind.

I am being encouraged to follow-up and assist if possible to resolve older transfers before the new transfer app process  
is implemented this fall.

Has a prehearing conference been scheduled for this transfer?

Thanks.

Michele
