

MEMORANDUM

Date: March 21, 2013

Re: Proof of Beneficial Use and permit condition 6

Mr. Claude Kimball phoned the department requesting status on the Proof of Beneficial Use that he had submitted on behalf of Fernan Estates Corporation for Permit 95-9323. The primary contact, Ms. Darla Block, has been unavailable this week due to illness.

I located the file, reviewed the deficiency letter, dated March 7, 2013, and the submittals from Idaho DEQ that were received by Department on March 15, 2013. I believe that the deficiency in the "proof" statement has been remedied.

I phoned Mr. Kimball earlier today and shared with him that we had received his supplemental information. I also stated that I had determined that the information would satisfy the gap in the Statement of Completion for 95-9323.

This memo is to document the file with a record of my conversation with Mr. Kimball.
