Re: License No. 98-7828
Approved Application for Amendment for licensing purposes

The Department of Water Resources recently issued the Water Right License and it was mailed to you earlier this week. The approved Application for Amendment for Licensing Purposes should have been sent with that, but for some reason was not with the file at that time.

Enclosed you will find the Approved Application for Amendment for your files. You will probably want to keep this together with the License which you should have received by now.

Sincerely,

A handwritten signature in cursive script that reads "Dianne Ball". The signature is written in dark ink and is positioned above the printed name and title.
