MINERAL ROYALTY QUITCLAIM DEED

For the consideration of ten dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledge, DONALD E. MILLER, CANDACE MILLER, RON GUILL, JESSE HAMILTON, MOLLY HAMILTON, RYAN MCDERMOTT, CHUCK GRAVES, and TORRY MCALVAIN (as trustee of the Kimberly J. McAlvain Irrevocable Trust), each as individuals or in their designated capacities as identified herein, and their respective successors and assigns (collectively the "**Grantors**") do hereby quitclaim unto QUARTZBURG HOLDING COMPANY, LLC, an Idaho limited liability company, whose address is c/o Gold Hill Reclamation and Mining, Inc., 5319 S. Apple St., Boise, Idaho 83716 (the "**Grantee**") and its successor and assigns forever, all right, title and interest which Grantors now have or may hereafter acquire in and to that certain a royalty interest (the "**Royalty**") in gold, silver, copper and all other minerals of every kind or character found in, on or under any of the properties described in Exhibit A hereto ("**Properties**") as created under that certain Mineral Royalty Deed dated November 13, 2009 (the "**Original Royalty Deed**"), evidenced by that Memorandum of Mineral Royalty Deed recorded in the Boise County Recorder's office on November 16, 2009 as Instrument #225665.

Grantors and Grantee acknowledge and agree that the purpose and intent of this quitclaim deed is to reconvey all rights in and to the Royalty to Grantee for the purpose of terminating the same through the operation of merger of title. Upon delivery of this quitclaim deed to Grantee, the Royalty shall be terminated and Grantees shall have no further right, title or interest in or to the Royalty, and the Original Royalty Deed shall be of no further force or effect.

This quitclaim deed may be executed in one or more counterparts, any one of which need not contain the signatures of more than one party, but all such counterparts taken together will constitute one and the same instrument.

**Deed of Royalty
Quartzburg Mining District**

This Deed of Royalty Quartzburg Mining District ("**Deed**") is made and entered into by and between Quartzburg Holding Company, LLC, an Idaho limited liability company ("**QHC**"), Gold Hill Reclamation and Mining, Inc., an Idaho corporation ("**GHRM**") (QHC and GHRM are referred to herein collectively as "**Grantors**"), and Millerton Legacy, LLC, an Idaho limited liability company, whose address is 1912 N. 17th St., Boise, Idaho 83702 ("**Recipient**").

Recitals

A. Donald E. Miller and Candace Miller (collectively the "**Millers**") are the managing members of the Recipient.

B. The Millers and Grantors are parties to an Agreement for the Sale and Assignment of Membership Interest in Quartzburg Holding Company, LLC dated December 27, 2012 (the "**PSA**"), in accordance with which the Millers sold, assigned and transferred to GHRM all of the Millers' membership interest in QHC.

C. QHC owns patented and unpatented mining claims and an undivided one-half interest in an operational lease on the Baumhoff property situated in Boise County, Idaho and owns mining improvements, fixtures and equipment located on its property collectively referred to as the "**Quartzburg, Quartzburg Mining District**."

D. In accordance with the PSA, Grantors have agreed to convey to Recipient, as the designee of the Millers, from Grantors at closing of the PSA, a production royalty on gold produced from (1) the patented and unpatented mining claims described in attached Exhibit A (the "**Property**"), and (2) any mineral rights, patented mining claims, unpatented mining claims and other real property interests acquired hereafter by Grantors in the "**Area of Interest**" described on the attached Exhibit B, excluding however, all mining claims constituting what is commonly known as the Belshazzar group of mining claims based on the maintenance fees paid

1.2 Payment of Royalty. If Grantors do not timely pay the Royalty as described in Part 2 of Exhibit C, Recipient may give written notice to Grantors that Grantors are in default of its obligations under this Deed, and unless within ten (10) business days following receipt by Grantors of such notice Recipient receives the delinquent Royalty payment, then Grantors shall pay interest on the delinquent payment at twelve percent (12%) which shall accrue from the day the delinquent Royalty payment was due to the date of payment of the Royalty and accrued interest.

1.3 Production Records. Grantors shall keep true and accurate accounts, books and records of all of its activities, operations and production of gold on the Property and the Area of Interest.

1.4 Delivery of Payments. Grantors shall deliver the payments under this Deed to Recipient by check delivered to Recipient's address as Recipient instructs Grantors or by wire transfer to an account which Recipient designates from time to time, or as otherwise set forth under Exhibit C.

2. Commingling. With prior written notice to Recipient, Grantors shall have the right to commingle gold from the Property and the Area of Interest with gold mined from other properties. In the event that Grantors elect to commingle gold in accordance with this Section, Grantors shall give reasonable advance written notice to Recipient and Recipient shall have the right, at its cost and expense, to have their own geologist or mine engineer present and participate in the sampling process, and receive a split of the sample of sufficient size as determined by Recipient's geologist or mine engineer. Before Grantors commingles any gold produced from the Property with gold produced from other properties, the gold produced from the Property and other properties shall be measured and sampled in accordance with sound mining and metallurgical practices. Grantors shall keep accurate accounts and records which show the measurements, assays of gold and other appropriate content and penalty substances. From this information, Grantors shall determine the amount of the Royalty due and payable to Recipient for gold produced from the Property or Area of Interest commingled with gold from other properties.

3. Tailings and Residues. Excluding existing dump and waste material on the Baumhoff Lease area or already removed from the Property or Area of Interest for processing, all tailings, residues, waste rock, spoiled leach materials and other materials (collectively "*Materials*") resulting from Grantor's operations and activities on the Property or the Area of Interest shall be Grantor's sole property, but shall remain subject to the Royalty if they are processed or reprocessed and Grantor receives revenues from such processing or reprocessing. The material on the Baumhoff Lease area or already removed from the Property or Area of Interest for processing is excluded from operation of this Deed.

4. **Reports.** Once Grantor commences the commercial production of gold from the Property, or Area of Interest, Grantor shall provide such reports with each settlement as described in Exhibit C.

5. **Compliance with Laws, Reclamation, Environmental Obligations and Indemnities.** Grantor shall at all times comply with all applicable federal, state and local laws, regulations and ordinances relating to Grantor's activities and operations on or relating to the Property and Area of Interest.

6. **Title Maintenance.** Until June 30, 2014, or until such date as the Decision Point, as defined in the PSA, gets extended to, Grantor shall follow the covenants of Subsections 6.1, 6.2 and 6.3:

6.1 **Title Maintenance and Taxes.** Grantor shall maintain good, merchantable, unencumbered title to the Property, including without limitation, paying when due all taxes on or with respect to the Property and doing all things and making all payments necessary or appropriate to maintain, defend and protect the right, title and interest of Grantors and Recipient, respectively, in the Property and under this Deed.

6.2 **Annual Assessment Work.** To the extent required by law, beginning with the annual assessment work period of September 1, 2013, to September 1, 2014, and for each succeeding annual assessment work year until forty (40) business days after the Decision Point, as defined in the PSA, Grantor shall perform for the benefit of the Property work of a type customarily deemed applicable as assessment work and of sufficient value to satisfy the annual assessment work requirements of all applicable federal, state and local laws, regulations and ordinances, if any, and shall prepare evidence of the same in form proper for recordation and filing, and shall timely record and/or file such evidence in the appropriate federal, state and local office as required by applicable federal, state and local laws, regulations and ordinances. Grantor shall deliver to Recipient proof of its compliance with this Section not less than fifteen (15) days before the applicable deadline. The parties acknowledge that annual assessment work is not presently required to be performed on the Property under current Governmental Regulations.

6.3 **Federal Mining Claim Maintenance Fees.** If under applicable federal laws and regulations federal annual mining claim maintenance fees are required to be paid for the unpatented mining claims which constitute all or part of the Property, beginning with the annual assessment work period of September 1, 2013, to September 1, 2014, and until forty (40) business days after the Decision Point, as defined in the PSA, Grantor shall timely and properly pay the federal annual mining claim maintenance fees and any Idaho mining claim fees, and shall execute and record or file, as applicable, proof of payment of the federal annual mining claim maintenance fees and of Grantor's intention to hold the unpatented mining claims which constitute the Property. Grantor shall deliver to Recipient proof of Grantor's compliance with

this Section not less than fifteen (15) days before the applicable deadline.

6.4 Lesser Interest. The amounts payable to Recipient pursuant to this Deed are premised on the fact that Grantor holds a full unencumbered 100% interest in the Property, exclusive of any additions within the Area of Interest, and that Grantor's rights to the Property are as represented in the PSA and are not subject to any covenants, conditions, restrictions or encumbrances other than of record, as set forth in the agreements constituting the Property, as set forth in this Deed or in the PSA. In the event that there is an outstanding right, title or interest in the Property not created or caused by Grantor, as determined by a court, such that for any reason Grantor is not possessed of the entire interest which the PSA purports to grant in the Property, then the amounts payable to Recipient under this Deed shall be reduced by the proportion which any outstanding interest or encumbrance bears to the full unencumbered interest contracted for by GHRM in the PSA.

7. General Provisions.

7.1 Entire Agreement. This Deed and this Deed constitute the entire agreement between the parties.

7.2 Additional Documents. The parties shall from time to time execute all such further instruments and documents and do all such further actions as may be necessary to effectuate the purposes of this Deed.

7.3 Binding Effect. All of the covenants, conditions, and terms of this Deed shall bind and inure to the benefit of the parties and their successors and assigns.

7.4 No Partnership. Nothing in this Deed shall be construed to create, expressly or by implication, a joint venture, mining partnership or other partnership relationship between the parties.

7.5 Governing Law and Forum Selection. This Deed is to be governed by and construed under the laws of the State of Idaho.

7.6 Severability. If any part, term or provision of this Deed is held by a court of competent jurisdiction to be illegal or in conflict with any laws or regulations, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if this Deed did not contain the particular part, term or provision held to be invalid.

7.7 Notices. Any notices required or authorized to be given by this Deed shall be in writing and shall be sent either by commercial courier, or by certified U.S. mail, postage prepaid and return receipt requested, addressed to the proper party at the address stated below or

such address as the party shall have designated to the other parties in accordance with this Section. Such notice shall be effective on the date of receipt by the addressee party, except that any facsimiles received after 5:00 p.m. of the addressee's local time shall be deemed delivered the next day.

NET SMELTER RETURNS

Payor: Quartzburg Holding Company, LLC ("*QHC*")
(collectively) Gold Hill Reclamation and Mining, Inc. ("*GHRM*")

Recipient: Millerton Legacy, LLC

1. Definitions. The terms defined in the instrument to which this Exhibit is attached and made part of shall have the same meanings in this Exhibit. The following definitions shall apply to this Exhibit.

A. "*Property*" and "*Area of Interest*" means the real property described in the instrument to which these Net Smelter Returns provisions are attached and made a part.

B. "*Net Smelter Return*" Definition.

(i) "Net Smelter Return" shall equal "Revenues" less "Allowable Costs" for all fine gold or dore bullion produced from the Property or the Area of Interest, or for any primary, intermediate or final product produced from the Property or the Area of Interest.

(ii) Except as provided in Section B.3 below, in the event that Payor or any its affiliates produce and sell ores, concentrates, precipitates, cathodes, leach solutions or any other primary, intermediate or final mineral substances (collectively, "*Mineral Substances*") produced from the Property or the Area of Interest, "*Revenues*" for a calendar quarter shall mean the total amounts received by Payor and its affiliates from the sale of such Mineral Substances at the point of sale provided such sales are arm's length transactions, and provided further that sales to Payor or affiliates of Payor are valued at the fair market value of the products, less, in either case, only the following "*Allowable Costs*" attributed to that production and sale, to the extent actually paid or incurred by Payor and its affiliates prior to the date payment is due to Recipient as prescribed in Section 1.2 of this Deed: (a) the cost of transportation between Payor's mill and the buyer of such Mineral Substances, (b) the cost, after such products have left Payor's mill, of assaying, sampling, custom-smelting and refining such products, including any independent representative and umpire charges, and (c) taxes (other than income taxes) imposed upon or in connection with producing, transporting and selling such products.

In the event that Payor elects to sell Mineral Substances in accordance with this Section, Payor shall give reasonable advance written notice to Recipient and Recipient shall have the right, at its cost and expense, to have their own geologist or mine engineer present and participate in the sampling process, and receive a split of the sample of sufficient size as determined by Recipient's geologist or mine engineer.

(iii) (a) If Payor or any of its affiliates produces as final product (or has produced as a final product through a tolling/refining contract or any other transaction that results in Payor or an affiliate owning title) fine gold or doré bullion produced from the Property or the Area of Interest, "**Revenues**" for a calendar quarter shall mean the total amount of fine gold or the amount of payable gold contained in doré bullion produced from the Property or the Area of Interest during the quarter multiplied by the average London Bullion Brokers P.M. Gold Fixing for the calendar quarter of production (the "**Quarterly Average Gold Price**") less only the following ("**Allowable Costs**") attributable to that production, to the extent actually paid or incurred by Payor or its affiliates prior to the date payment is due to Recipient as prescribed in Section B.2(b) of this Agreement: (a) costs of transportation of doré from Payor's mill (or the intermediate tolling mill or smelter producing the doré) to the final smelter/refiner, (b) the cost of assaying, sampling, smelting and refining of such bullion, including tolling costs, independent representative and umpire charges, and any penalties assessed by the purchaser of said fine gold bullion or doré bullion, but excluding the costs of producing such doré, (c) taxes (other than income taxes) imposed upon or in connection with producing, transporting and selling such fine gold bullion or doré bullion, and (d) costs of sale, if any.

(b) For purposes of this Section, the Quarterly Average Gold Price for any calendar quarter shall be determined by dividing the sum of all daily prices posted during such quarter by the number of days that prices posted. The posted prices shall be obtained from The Wall Street Journal, Reuters, or another reliable source. If the London Bullion Brokers P.M. Gold Fixing ceases to be published, Payor and Recipient shall agree upon a similar alternative method for determining the average spot market price for gold, as the case may be, which shall be used in calculating the Net Smelter Return.

(c) Payor and Recipient acknowledge that the purpose of this Section is to assure that the Net Smelter Return is determined in a timely manner for fine gold or doré bullion produced during a calendar quarter regardless of whether an actual sale of gold to a third party is made by Payor or any of its affiliates. The parties further acknowledge that Payor and its affiliates shall have the right to market and sell to third parties the gold produced from the Property or the Area of Interest in any manner they choose, including the forward sale of gold on the commodity markets. Recipient shall have absolutely no right to participate in any sales or mineral substances by Payor and its affiliates on the commodity markets or otherwise share in any profits or losses received by Payor and its affiliates as a result of their marketing activities.

(iv) In no event shall Payor deduct for cost of exploring, developing, mining, hauling, milling, leaching or any other processing costs incurred by Payor and its affiliates in determining the Net Smelter Return.

(v) In the event smelting or refining carried out in facilities owned or controlled, in whole or in part, by Payor or an affiliate, then charges, costs and penalties for such smelting or refining shall mean the amount Payor would have incurred if such smelting or refining were carried out at facilities not owned or controlled by Payor or an affiliate then offering comparable services for comparable products on prevailing terms, but in no event greater than actual costs incurred by Payor or an affiliate with respect to such smelting or refining.

2. Payment Procedures.

A. Accrual of Obligation. Payor's obligation to pay the royalty shall accrue and become due and payable upon the sale or shipment of gold from the Property, whether as unrefined metals, doré metal, concentrates, or other gold products or, if refined gold are produced, upon the outturn of refined gold meeting the requirements of the specified published price to Payor's account.

B. Quarterly Calculations and Payments. Net Smelter Returns royalties shall be determined on a quarterly basis. Payor shall pay Recipient each quarterly royalty payment on or before the last business day of the month immediately following the quarter in which the royalty payment obligation accrued.

C. Manner of Payment. Payments of Net Smelter Returns Royalty may be made by mailing or delivering cash, or Payor's bank draft or wire transfer, to Recipient or its designated agent on or before the date payment is due. Recipient shall have the option to elect to have payment made to its account directly from the refiner. If such manner of payment is selected, Recipient will work with Payor and the refiner to set up such payment. Payment shall be made to the address provided in the agreement or instrument to which this Exhibit is attached for purposes of notices or by wire transfer to an account which Recipient designates.

D. Statements. At the time of payment of the royalty, Payor shall accompany such payment with a statement which shows in detail the quantities and grades of refined gold or doré, concentrates or ores produced and sold or deemed sold by Payor in the preceding month; the Quarterly Average Gold Price, costs and other deductions, and other pertinent information in detail to explain the calculation of the payment with respect to such month. Payment shall be made to the address provided in the agreement or instrument to which this Exhibit is attached for purposes of notices or by wire transfer to an account which Recipient designates.

3. Escrow Funds. Any default claimed with respect to the payment of money may be cured by the deposit in escrow under mutual signature authority of the parties, of the amount in controversy and the giving of notice of the deposit to Owner, the amount to remain in escrow until the controversy is resolved or until there has been a final determination the controversy by arbitrators (Part 4 below) or a court of competent jurisdiction pursuant to Section 6.4.

4. Audits and Disputes.

A. Recipient, upon written notice, shall have the right to have an independent firm of certified chartered accountants audit the records that relate to the calculation of the Royalty within 12 months after receipt of a Royalty payment.

(i) Recipient shall be deemed to have waived any right it may have had to object to a payment made for any calendar quarter, unless it provides notice (a "*Dispute Notice*") in writing of such objection within 18 months after receipt of final payment for the calendar quarter.

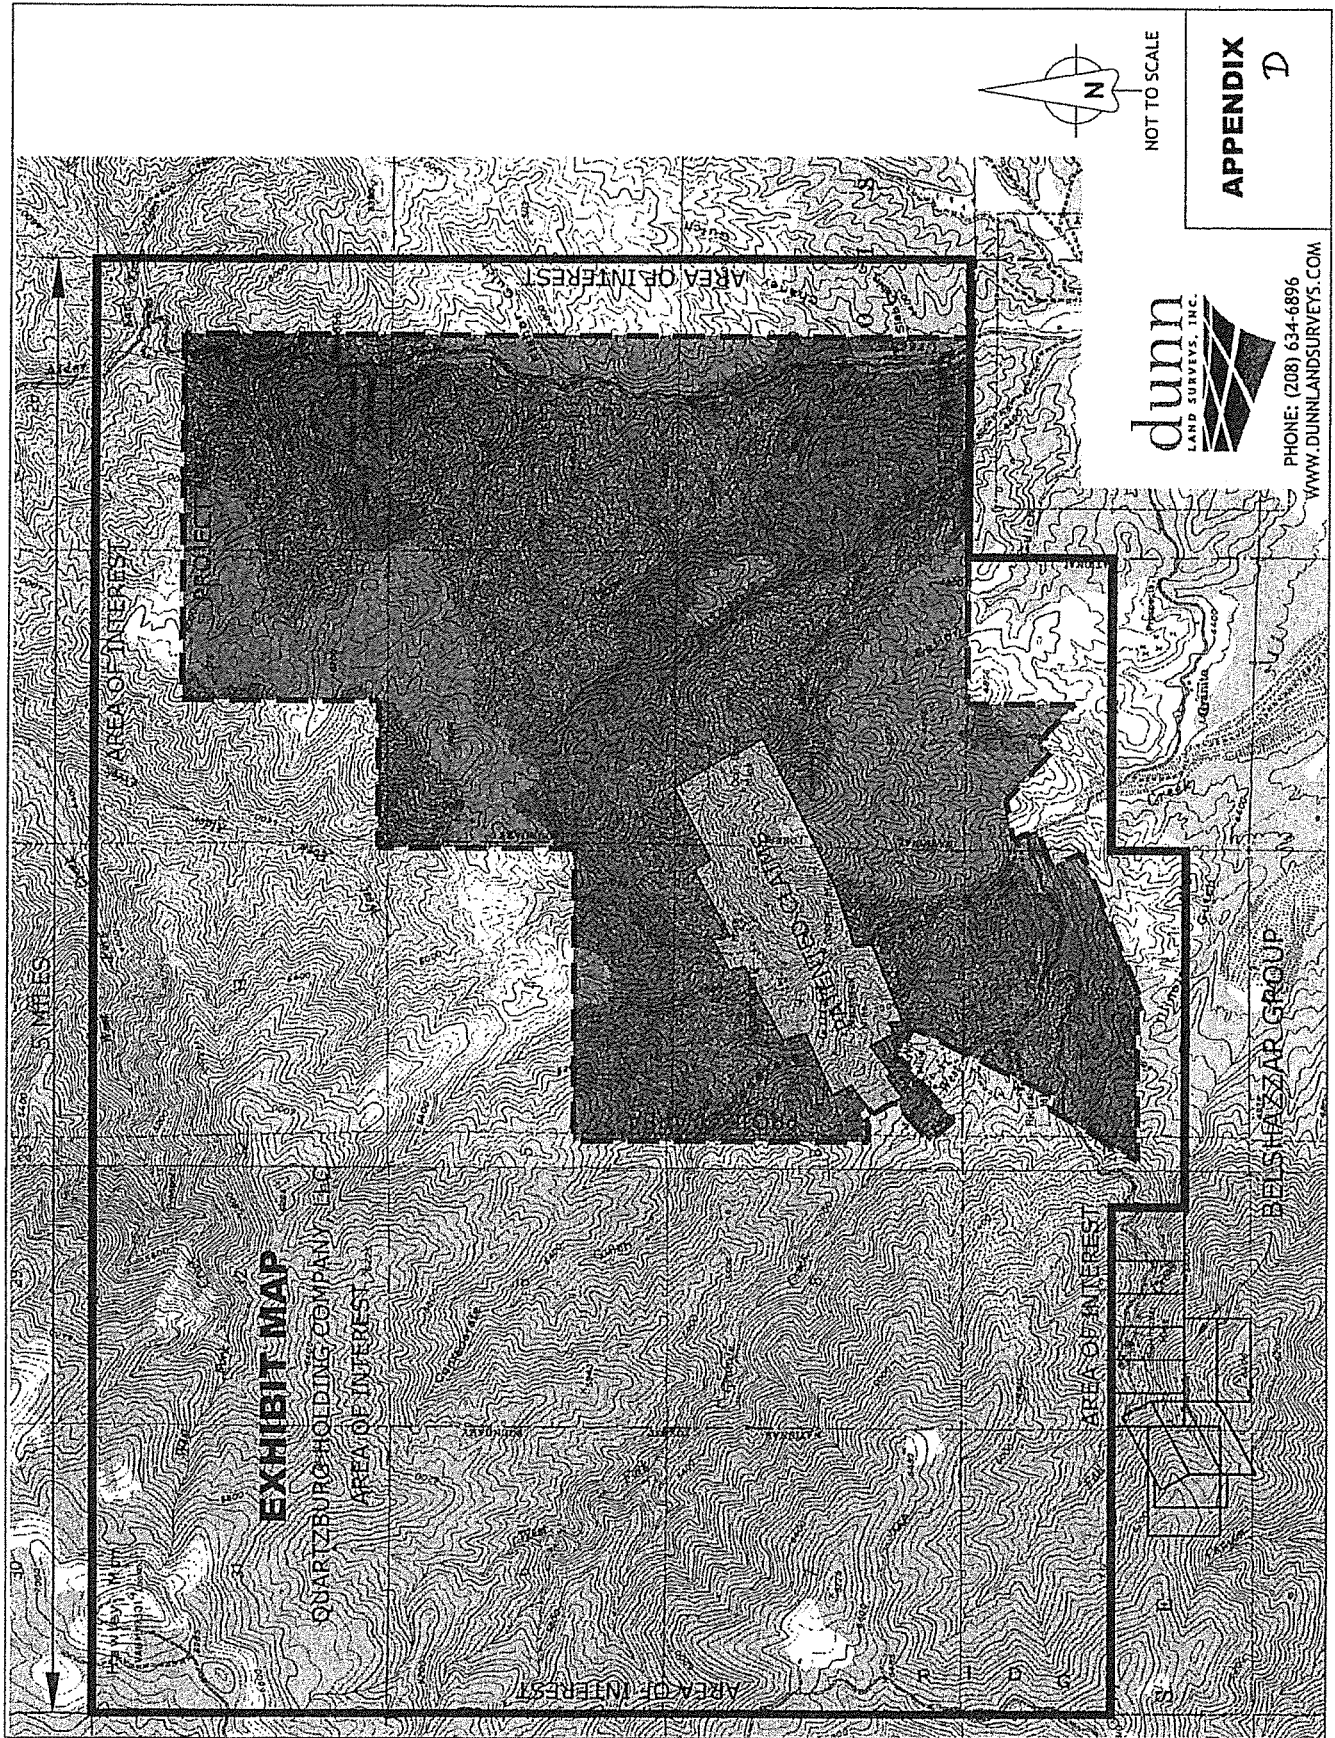

(ii) Recipient shall have the right to conduct on audit annually at Payors' expense. Any additional audits shall be at Recipient's expense.

(iii) If the parties are unable to resolve a payment dispute within 60 days after the receipt of a Dispute Notice, the dispute shall be finally settled by arbitration. The place of arbitration shall be Boise, Idaho. The arbitrator's decisions and awards shall be final and binding on both parties and there shall be no appeal from the arbitrator's decisions and awards for any reason whatsoever. Judgment upon any arbitration award made pursuant to this Section may be entered into any court having jurisdiction, or application may be made to any such court for judicial recognition of the award or an order of enforcement thereof, as the case may be. Unless the parties agree to share the costs of arbitration, the arbitrator shall determine what part of the costs and expenses incurred in any such proceeding shall be borne by each party participating in the arbitration.

(iv) Alternatively, if the parties mutually agree, the payment dispute may be submitted to a mutually acceptable certified chartered accountant, or firm of certified chartered accountants, for a binding resolution thereof.
