RECEIVED
MAR 12 2013
DEPT. OF WATER RESOURCES
SOUTHERN REGION

Department of Water Resources:

In regards to the matter of Brent Funk changing his points of diversion from the East Ditch & an additional diversion from lower on the Main Creek to a singular diversion point just north of (below) the East Ditch diversion I see no major issues.

I would be in favor of approving this transfer as long as the following accommodations are made:

There is an adequate measuring device placed at the point of diversion.

There is easy access to the diversion point in order for daily readings to be made.

As long as Brent Funk is willing to comply with the above stated instructions I see no reason to deny this transfer.

Sincerely,

Ryan Franklin
Watermaster Water District 47-O
