Re: Request to Release Water Right No. 63-7270B (Snake River Dairies, LLC)
MTBR&F File No. 22-377.0

Dear Monica:

Please find the enclosed original form requesting the release of water right 63-7270B from the State Water Supply Bank. It is signed by Mr. Jerry Tlucek, member of the owner of the water right, Snake River Dairies, LLC ("SRD").

While this water right is subject to a current rental agreement, SRD is both the lessor and renter of the water right. As you may recall, SRD initially leased and rented this water right to/from the Bank in order to (1) change the nature of use to all irrigation, (2) utilize an additional point of diversion, and (3) utilize a permissible place of use. SRD has now changed the nature of use to all irrigation by successfully rescinding a previous unaccomplished transfer (No. 73927) by the prior owner of the water right. In addition, IDWR has now approved a transfer (No. 78269) that authorizes use of the additional point of diversion and a permissible place of use. Therefore, there is no longer any need for the lease/rental arrangement with the Water Supply Bank.

Please process the enclosed release request form at your earliest convenience. If you have any questions or need any additional information or documentation from SRD, please do not hesitate to contact me.
