This water right shall be rented by the Idaho Water Resource Board, through Idaho's Water Transaction Program.

I hereby assert that the information contained in this application is true to the best of my knowledge, and that I have the authorities necessary to offer this right for sale or lease to the Idaho Water Resource Board.

The owner/lessor acknowledges the following:

- Payment to the owner/lessor is contingent upon the sale or rental of the right from the bank.
- While a right is in the bank, the owner/lessor of the right may not use the right even if the right is not rented from the bank.
- A right accepted into the bank stays in the bank until the Board releases it or the lease term expires.
- While a right is in the bank, forfeiture provisions are stayed.
- Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right.

Water Right Lease Agreement
with
Richard LaVere Beard

RECEIVED
MAR - 6 2013
DEPARTMENT OF
WATER RESOURCES

This lease agreement ("Agreement") is made and entered into by and between the Idaho Water Resource Board, ("Board") and Richard LaVere Beard, ("Lessor")

RECITALS

- A. WHEREAS, the Board has entered into contract with National Fish and Wildlife Foundation, under the authority of the Department of Energy, Bonneville Power Administration ("BPA"), which recognizes that the Board intends to develop and operate the Water Transaction Program ("Program") to lease water from willing Idaho water right owners to address water shortages including flow augmentation for Yellowstone cutthroat trout, an Idaho *Species of Greatest Conservation Need*. Under this Program, water right owners will forego irrigation of land and place their water rights into the Idaho Water Supply Bank ("Bank") operated by the Idaho Department of Water Resources ("Department") on behalf of the Board.
- B. WHEREAS, the Board solicited offers from the public to sell or lease water to facilitate the flow of additional water in the Teton River and tributaries. In response, the Lessor submitted a proposal for participation in the Program. The proposal shows that the Lessor has a right to use water for irrigation, stockwater, or other consumptive purposes. Placing a portion of the Lessor's water in the Bank during the 2013 irrigation season and subsequent years will result in additional water in Spring Creek and the Teton River for Yellowstone cutthroat trout, an Idaho *Species of Greatest Conservation Need*.

AGREEMENT

NOW THEREFORE, in consideration of the mutual and dependent covenants herein contained, the parties agree as follows:

I. Description of Lease

- A. Lessor agrees to lease to the Board water right no. 22-00380 C appurtenant to the 5.8 acres further described in the map incorporated herein, which is attached and labeled as Attachment A. Lessor agrees not to divert water under those rights and to idle the land identified in Attachment A between April 15 and October 31 for the duration of the lease.
- B. The Lessor acknowledges and agrees that the water acquired under this Lease Agreement will be placed in the Bank for a term of five (5) years, and that the Lessor is offering the water right described herein to the Bank by signing this Agreement. The Lessor agrees to provide any additional information that the Department may require to process or facilitate acceptance of the water right into the Bank. Failure to comply with Department requests for information or other requirements is cause for termination of this Agreement.

- C. Lessor warrants that it is the owner of the water right and land identified herein and possesses the right, title, and interest in the water and land or has obtained any necessary consent or approval to enter into this Agreement. Lessor further warrants that it has not entered into any other type of agreement that would prohibit the Lessor from placing the water into the Bank.

II. Additional Conditions

- A. If it is determined after the execution of this Lease Agreement that certain acres are not eligible under the Program because of a mistake, error, or misrepresentation in the Lessor's application, compensation will be reduced accordingly.
- B. The Lessor's idled land will be monitored in accordance with Water Transaction Program requirements. The monitoring may include field visits, the collection and analysis of satellite data, and related flow measurements collected at the Board's discretion. The Lessor agrees to allow the collection of data and access for field visits.
- C. The Lessor shall immediately notify the Board if there are any changes in ownership, or any encumbrances or liens placed upon, any of the real property or water right covered by this contract during the term of this Lease Agreement.

III. Payments

- A. The Lessor agrees to lease and the Board agrees to compensate the Lessor for the rental of water described herein through payment from the Idaho State Water Supply Bank at a price of \$97.39 per acre of land idled per year, for a total of \$2,824.28, which includes a ten percent rental administration fee (\$282.43) and Lessor payments of \$2,541.85 over the contract term. In addition, the Board shall pay directly to the Department the lease application fee (\$250.00), in accordance with Water Supply Bank Rules, IDAPA 37.02.03.
- B. Payment as shown in section III.A above is based upon a dollar amount per acre of land idled, regardless of the diversion rate or maximum diversion volume allowed under the water right, the historical diversion rate, or consumptive use under the water right, or the diversion rate or diversion volume approved for lease by the Department.
- C. Pursuant to the Water Supply Bank Rules, IDAPA 37.02.03, after the water rights are rented from the Bank, payment is to be made by the Water Supply Bank to the Lessor. Lessor shall submit an invoice for the annual rent amount to the Board on or about October 31st of each year. Payment will be made on or about November 15th of each year, after the irrigation season and subject to final verification of program compliance.

IV. Term, Termination of Agreement and Remedies

- A. This Lease Agreement shall become effective on the date of the last signature hereto and shall extend through October 31, 2017.

B. At the Board's discretion, this Lease Agreement may be terminated upon:

- (1) Failure of the Lessor to abide by the terms and conditions of the Lease Agreement;
- (2) Refusal of the Lessor to allow representatives of the Board access to the land to monitor compliance with the Lease Agreement;
- (3) Application of water by the Lessor to the lands during the period of this Lease Agreement, except in emergency situations where the application of water is required for public safety reasons;
- (4) Discovery of fraudulent information submitted in the Lessor's Application.

C. If this Lease Agreement is terminated for any reason listed under section IV.B, or by the Lessor for any other reason, prior to its ending date, the Lessor shall reimburse the Board for a pro-rated portion of the amount stated in Section III.A of the Lease Agreement, as determined by the Board.

V. Miscellaneous

- A. The Landowner or Lessor is responsible for all taxes, assessments, soil conservation measures such as weed and erosion control and other obligations related to any of the lands described under this Lease Agreement.
- B. The Landowner will indemnify and hold harmless the Board and the Department from any loss or damage and from any liability on account of personal injury, property damage, or claims for personal injury or death, or property damage of any nature caused by the landowner or any person, firm, or corporation acting on the landowner's behalf related to or arising out of this Lease Agreement.
- C. Lessor acknowledges and agrees that a memorandum of this Lease Agreement will be executed simultaneously herewith and a copy thereof will be recorded in the records of the county.
- D. The terms of this Lease Agreement shall constitute a distinct transaction separate and apart from any potential efforts the Board may pursue in the future to purchase the water rights from the Lessor.

VI. Duplicate Originals

- A. This contract is executed in duplicate. Each of the contracts with an original signature of each party shall be an original.

_____)

A RESOLUTION TO MAKE
A FUNDING COMMITMENT

WHEREAS, Spring Creek is a tributary to the Teton River that provides quality spawning and rearing habitat for Yellowstone cutthroat trout and other resident fish, but is flow and passage limited at certain times of the year; and

WHEREAS, it is in the interest of the State of Idaho to increase stream flow in the Teton River and its tributaries to encourage recovery of Yellowstone cutthroat trout, which are currently designated as an Idaho Species of Greatest Conservation Need; and

WHEREAS, staff has developed a five-year lease/rental agreement with Richard LaVere Beard to improve stream flow for fish in Spring Creek; and

WHEREAS, staff has developed a five-year lease/rental agreement with Richard & Ella Beard to improve stream flow for fish in Spring Creek; and

WHEREAS, the water rights shall be leased into the Board's Idaho Water Supply Bank, to be rented by the Idaho Water Resource Board (IWRB) for the beneficial use of instream flow in the Teton River, for a period of five years; and

WHEREAS, a proposal in the amount of \$3,074.28 has been submitted to the Columbia Basin Water Transaction Program to be used to fund the Richard LaVere Beard lease/rental agreement, including the associated Idaho Water Supply Bank application fee (\$250.00) and 10% administrative fee (\$282.43); and

WHEREAS, a proposal in the amount of \$4,389.03 has been submitted to the Columbia Basin Water Transaction Program to be used to fund the Richard & Ella Beard lease/rental agreement, including the associated Idaho Water Supply Bank application fee (\$250.00) and 10% administrative fee (\$413.90); and

WHEREAS, staff anticipates the funds being placed into the IWRB Revolving Development Account for annual payment to the water right owners and the Idaho Water Supply Bank; and

WHEREAS, the Spring Creek transactions are in the public interest and in compliance with the State Water Plan.

NOW THEREFORE BE IT RESOLVED that the IWRB authorizes the Chairman to enter into a lease/rental agreement with Richard LaVere Beard, and/or his successors, and Richard & Ella Beard, and/or their successors, for water rights 22-00380C and 22-11993 for delivery to minimum stream flow 22-7369, using an amount not to exceed \$7,463.31.

NOW THEREFORE BE IT FURTHER RESOLVED that this resolution is subject to the condition that the IWRB receives the requested funding from the Columbia Basin Water Transaction Program in the amount of \$7,463.31.

DATED this 28th day of November, 2012.
