RE: Change in Ownership of Water Right Nos. 67-4052A and 6714741

Dear Water Right Holder:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change.

- ☒ **Evidence of Water Right Ownership:** copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question. The Deed of Trust you provided does not show the property boundaries nor previous ownership of the property. There should be an Exhibit A with the Deed of Trust addressing the legal description of the property or you should have a recorded County deed that has this information. I am returning the Deed of Trust you enclosed with the IDWR form since I only need the attachment.
- ☒ **Water Right Fees:** the fee is \$25 per water right leaving a total additional fee of \$25.00 due.

Because the Department cannot process the ownership changes without proper documentation and additional fees, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Danni M. Smith
Technical Specialist II
