Chuck,

To follow up our phone conversation today, the Department has reviewed the Annual Report for Aquifer Recharge and Pumping for Years 2011 and 2012, Dry Lot LLC, Permit 37-22252, received January 23, 2013 . The report looks to be in compliance with Condition #9 of Permit 37-22252 and Condition #5 of Water Rights 37-22313, 37-22318, and 37-22323. Please feel free to contact me with any questions or comments.
