Re: Application of The Conservation Fund for Change of Ownership and Change of Point of
Diversion for Water Right Nos. 35-14175, 35-14177 and 35-14179; The Conservation Fund

Dear Cooper:

Thank you for your email message today. You are correct that The Conservation Fund intends only to change the ownership and point of diversion for Water Right Nos. 35-14175, 35-14177 and 35-14179. The first two points of diversion listed in the answer to Question five of the Application are the current points of diversion and were inadvertently included in the application. Please ignore and delete the current points of diversion because, if the new point of diversion is approved, they will no longer be used. I have enclosed a corrected page one for the application in case you wish to substitute it for the incorrect page one that was sent to you. Thank you for your help.

Sincerely,

A handwritten signature in blue ink that reads "Allan C. Beezley". The signature is written in a cursive, flowing style.

Allan Beezley
