E. NARRATIVE/REMARKS/COMMENTS

In discussing the place of use with Mr. Wood on 5/11/2006 & review of the field exam I recommend that the place of use should be changed to the 320 acres as shown in Part C.2 of this supplemental exam.

Mr. Wood will need to file ~~a~~ two transfers on 31-7560B. One transfer will change the place of use from the SW NE (corner) Sec 30 to the corner of the SE SW Sec 30. The second transfer will split 31-7560B to change the point of diversion for the corner of NW SE Sec 30 to the well in the SE SW Sec 30.

Note 31-7560B proof report indicates the corner of the SE NE Sec 30 but Arc View Shape has the place of use as the corner of the SW NE Sec 30. The 1st transfer can correct the proof report.
