RE: Change in Ownership of Water Right No. 63-9119

Dear Ms. Halverson:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change.

 X **Plat of Property or Survey Map** usually on file with the county. I have printed a map of the place of use for this water right. Please mark the acres that you purchased including the actual acres being irrigated. I have printed a map for your convenience with the two parcels on your deeds marked in yellow plus a map to outline your irrigated land.

 X **Division/Split of Water Right Fees:** the fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. This water right is for 95 acres of irrigation within the place of use including the parcels you have purchased, so a split will be required resulting in an additional fee of \$75 per water right. \$25 was paid on receipt #C096628 leaving a total additional fee of \$75.00 due.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,
