Attachments: draft approval.pdf

Zach,

Attached is a DRAFT approval document reflecting proposed transfer # 78359 generated from IDWR's transfer database this morning. As we have previously discussed, a couple of items of note relating to the draft approval...

- All of the rights in the transfer application remain in the name of the Big Wood Canal Company after the transfer.
- All of the rights involved in the transfer application reference the Big Wood Canal Company's service area (the one settled on in the SRBA) and include a condition indicating that the *"Place of use does not include federal public lands."*

Corey-

Were you able to generate a draft approval for this water right transfer application?
