**RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK
WATER RIGHT NO(S). 45-2578, 45-2597 and 45-14060**

Dear Renter:

The Department of Water Resources acknowledges receipt of your application to rent water from the Water Supply Bank. I have enclosed a Water Supply Bank Rental Agreement for your review and signature. Upon signature and return of the original agreement, together with the rental fee described below, the Department will also sign the original agreement and return an executed copy to you. Execution of the agreement and compliance with the conditions of approval authorize diversion and use of water as provided in the agreement.

A rental fee of **\$244.80** was calculated based on the current rental rate of \$17.00 per acre-foot times a diversion volume of 14.4 acre-feet. An annual payment shall be received by the Department prior to the execution of this agreement and prior to March 15 in all subsequent years for the duration of the rental period. The agreement will be void if payment is not received prior to the due date in a given year. If you would like to terminate the agreement prior to the end of the rental period, you must submit written notice of your intent to the Department at least 30 days prior to the rental fee due date.

Please send a check for \$244.80 made payable to the Idaho Department of Water Resources, together with the signed rental agreement, to my attention within 14 days so I can complete the processing. Pursuant to the Water Supply Bank Rules, 90% or \$220.32 of the rental fee will be paid to the lessor(s) and 10% or \$24.48 will be retained by the Department to offset administrative costs. If you have any questions, please contact me at (208) 287-4907.

Sincerely,

Monica Van Bussum
Sr. Water Resource Agent

CONDITIONS OF WATER USE

1. The use of water under this agreement shall be subject to the provisions of Idaho Code § 42-1766.
2. Rental of the specified right from the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other department application process.
3. Use of water under this agreement does not constitute a dedication of the water to renter's place of use and upon expiration of this agreement, the points of diversion and place of use of the water shall revert to those authorized under the water right and/or again be available to rent from the bank.
4. This rental does not grant any right-of-way or easement to use the diversion works or conveyance works of another party.
5. This rental agreement does not authorize the construction of a well.
6. Use of water under this agreement shall not prejudice any action of the Department in its consideration of an application for transfer or permit filed by the applicant for this same use.
7. Renter agrees to comply with all applicable state and federal laws while using water under this agreement.
8. Renter agrees to hold the Board, the Director and the state of Idaho harmless from all liability on account of negligent acts of the renter while using water.

**WATER RIGHT NO. 45-2578
WATER SUPPLY BANK RENTAL AGREEMENT**

CONDITIONS OF WATER USE

9. Renter acknowledges and agrees that the Director may terminate diversion of water if the Director determines there is not a sufficient water supply for the priority of the right or portion thereof being rented.
10. Failure of the renter to comply with the conditions of this agreement is cause for the Director to rescind approval of the rental agreement.
11. Use of water under this agreement will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 140.
12. This rental is limited to 0.8 acres within the place of use described above in a single irrigation season.
13. Rental of Right Nos. 45-2578 and 45-2597 when combined shall not exceed the irrigation of 2.2 acres.
14. Prior to diversion of water under this right, the right holder shall install and maintain a measuring device and lockable controlling works of a type acceptable to the Department as part of the diverting works.
