RE: Change in Ownership Water Right No. 13-2217 & 13-7349

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Water Right Ownership:** In early February you came into the office and submitted information taking care of part of the issue in completing your ownership change. However as we discussed there is still a question on a portion of the place of use of the water right, you indicated your son purchased the portion of the water right in question. According to the notes on the file, the department is waiting for a copy of the Warranty Deed showing your son purchased the property associated with the water right and release from your son in order to change the ownership for water right number 13-7349 into your name without requiring a split of the water right.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
