RE: Change in Ownership Water Right No. 32-7052G, 32-7092A, 32-7095C, 32-12200 & 31-7574

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Application:** Assignment of Application in order to complete the ownership change for application number 31-7574. The department can not complete an ownership change of an application with a Notice of Change in Water Right Ownership along with a Warranty Deed unless the application is specifically listed on the deed, because the application is considered personal property and not real property.

**** **Evidence of Water Right Ownership:** copy of Deed, Title Policy, or other legal document indicating your ownership of the property and/or water rights in question. The department did not receive evidence of Ownership for water rights 32-7052G, 32-7092A, 35-7095C and 32-12200. According to the notes on the file an email was sent on February 1, 2013 requesting the additional information.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
