Subject: Application for Permit

Good Afternoon:

The Department has received your application to appropriate groundwater in Oneida County. I am currently in the process of reviewing your application. The Department uses tax records from the counties to establish ownership of the place of use for the proposed water right. According to Oneida County tax records dated April of 2012, the property described in your application is owned by the Howell Family Trust.

I am assuming that you recently purchased this property? If this is the case, I will need a copy of the recorded warranty deed provided in your closing documents. If you have some other arrangement with the Howell Family trust I will need a copy of that paperwork.

Once the above information is received, I can continue processing your application. If you have any questions, please let me know.

Thank you,

Kerrie Mathews
