Subject: RE: Jentzsch Kearn

Monica,

Please reduce the lease amount of water right 36-16924 to 0.5 acres, 2.0 AfA or 0.08 CFS. The term of the lease and other characteristics of the lease are to remain unchanged. The change in the lease amount is due to Transfer #77981 and a transfer that will be submitted to IDWR within a week or two.

Thank you,

Greg Sullivan
