RE: Assignment of Permit for Water Right Permit No. 98-7828

Dear Permit Holder(s):

The Department acknowledges the receipt of correspondence assigning ownership of the above referenced water right permit (s) to you. The Department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

Updating the ownership record for a water right permit does not reconfirm the validity of the permit. When processing an assignment of permit the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the department within 120 days of the change. Change reporting forms are available from any office of the department.

Please contact this office if you have any questions regarding this matter.

Sincerely,

A handwritten signature in cursive script that reads "Jean Hersley".
