RE: Permit No. 37-21297

Dear Permit Holder(s):

Enclosed is a copy of the approved request for extension of time submitted in connection with the above referenced permit. This order extends the time within which to submit proof of beneficial use to **March 1, 2014**. The period of time from November 7, 2011, to January 1, 2013, has been granted due to a delay of development caused by federal agency delay.

Please note that the department has granted this period of your extension based on the actual time delayed by the United States Federal Energy Regulatory Commission during the last development period, according to Section 42-204(1), Idaho Code.

It is important that you work diligently toward the completion of the development. You may apply for one additional extension for up to five more years under due diligence on or before the new proof due date of March 1, 2014.

Section 42-248, Idaho Code, requires you or the owner of the water rights to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

If you have any questions, please contact me at (208) 287-4945.

Sincerely,

A handwritten signature in black ink that reads 'Darla Block'.
