Re: Change in Water Right Ownership for Water Right

Dear Mr. Dansie:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

XX **Evidence of Water Right Ownership:** copy of your Warranty Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question.

Because the Department cannot process the ownership change without proper evidence, we will hold any action on your notice pending receipt of the necessary document. If we do not receive the necessary information within 30 days, we will return your notice and all attachments and your notice will not be processed.

You may recall that I let you know when you were in the office in January that we would be in touch if we needed some other document than the title insurance *commitment* that you had with you. I sought direction on the suitability and learned that the commitment doesn't mean that the transaction was completed. I regret having to come back to you for a copy of the Warranty Deed, but our efforts protect the buyer AND the seller in keeping a high standard of acceptability for changing names on water rights. I suggest that you ask First American Title or the county recorder for a copy, if you don't have one handy.

Thank you for your attention to this and I look forward to hearing back from you soon; then completing this important step at our earliest opportunity.

Sincerely,

Douglas Jones
Technical Engineer
