RE: Part 1A.2

The Partial Decree for water right 37-7312B was issued on September 24, 2010, listing two points of diversion in the Twp 02N, Rge 18E, Sec 26, SW1/4SW1/4. As part of preparing the Water Measurement Plan required by UWRWMD an on-site visit revealed one well was actually in Twp 02N, Rge 18E, Sec 26, NW1/4SW1/4 and there was not a common mainline connecting the two wells. The purpose of this transfer application is to correct the legal description and divide the water right so specific acres will be appurtenant to each well. Part 1B shows the proposed division of the water right as (1) and (2) for the quantity, points of diversion and places of use. The specific location for each well and description of the distribution system is provided in Attachment 7A.1 for what is referenced in the application as the north well and Attachment 7A.2 for what is referenced in the application as the south well. The area to be irrigated by each well is illustrated on Attachment 7B. The irrigated area is divided between Lot 1 on the north highlighted in red and Lot 2 on the south highlighted in yellow, both in Blk 1, of the Vacated Broadford Townsite.

The Partial Decree for water right 37-7312B shows Candida Forstmann as the right holder. A Notice of Change in Water Right Ownership was delivered to the Twin Falls Office for IDWR on August 3, 2012 requesting the ownership of right 37-7312B be updated to reflect John A Burke as the current owner. Since all the documents necessary to update ownership of the water have already been filed only a copy of the Co-Trustees' Deed labeled Attachment #2A, showing John A Burke as the present owner of the property, is being included with the application. The applicant expects the ownership change will be processed either prior to or in conjunction with processing of the transfer application.
