

MEMORANDUM

TO: Water Right File 63-15634 and 63-7223
FROM: Monica Van Bussum
DATE: February 14, 2013
SUBJECT: Mark Michels Water Supply Bank Rental Application

SUMMARY

This is technically a renewal of a previous rental. We had processed a renewal request under the original right number, 63-15634. However, the lessor of 63-15634 wishes to release the leased water and the renewal has not been signed yet, so we are obligated to release the unencumbered water. Therefore, we are processing the rental under 63-7223.
